CONNECT 2 EELISA

as STAFF

"I am delighted to have the opportunity to interact week after week with so many inspiring people from numerous countries and cultures, and to tackle the global challenges together"

Tim Klingberg

Head of the EELISA Local Office at Friedrich Alexander-Universität Erlangen-Nürnberg (FAU), Germany.

MEET EELISA

The **European Engineering Learning Innovation and Science Alliance** (EELISA) is a consortium of ten higher education institutions from eight different countries in Europe with the ambition of defining and implementing a new model of European engineer rooted in society and equipped to address the complex challenges of our time by connecting STEM disciplines with the social sciences and humanities. Through this interdisciplinary and European approach, EELISA seeks to foster inclusive, sustainable, and digitally enabled societies, while redefining engineering education around societal responsibility, innovation, and collaboration.

WHY GET INVOLVED?

In a fast-changing world where challenges are becoming increasingly complex, your role as a higher education staff member is more essential than ever. Join a diverse, multicultural network of higher education professionals with great potential for international mobility and growth. A space where your work can make a real impact on society. EELISA gives you the chance to:

ENHANCE YOUR PROFESSIONAL DEVELOPMENT

- Access exclusive education, training, networking, and life-long learning programmes that will enable you to perform your current job more effectively, and prepare for future career opportunities.
- Embrace a new culture of knowledge exchange and best practices. Enhance your abilities and skills to effectively tackle your workplace and organisation challenges.

ENRICH YOUR LOCAL CONTEXT

- Benefit from short-term exchanges and job shadowing experiences to gain firsthand insights into the realities of colleagues in similar working fields to yours.
- Improve local work dynamics by incorporating fresh ideas and practices from a broader, international perspective.

MAKE AN IMPACT

- Expand your potential for impact in a transnational, multicultural and multilingual setting while gaining valuable experience in high-impact projects aligned with the Sustainable Development Goals.

EXPAND YOUR NETWORK

- Connect with professionals accross Europe, meet and engage with new peers working together on shared initiatives and tasks.

CONNECT TO SUSTAINABILITY AND INNOVATION

- Stay updated with cutting-edge advancements and changes in your field essential for a sustainable career growth in a rapidly changing, competitive professional landscape.
- Connect with forward-thinking professionals interested in innovating and exploring the possibilities of new and sustainable digital environments, just like you.

HOW TO GET INVOLVED?

From short-term mobilities with flexible itineraries to long-term engagement that creates societal impact. EELISA offers you countless opportunities to create your own path and gain hands-on insights from colleagues across the Alliance:

BE PART OF AN EELISA COMMUNITY

- Interdisciplinary, mission-driven groups that bring together staff, researchers, students, and external collaborators from across Europe to address societal challenges. They act as innovation incubators connecting academia with real-world practice to develop sustainable solutions. Some EELISA Communities are mainly focused on the needs and projects of staff.

EXPERIENCE JOB SHADOWING

- Staff mobility and peer-learning initiatives that allows staff from one EELISA institution to spend time alongside colleagues at another EELISA partner institution, observing their work, practices, and working environment. You will discover new approaches and identify practices that could be adapted to your home institutions.

EELISA
European University

Co-funded by the European Union

JOIN AN EELISA STAFF WEEK

- Academic and non-academic university employees from EELISA Partner Universities have the opportunity to engage with colleagues from different institutions, travel abroad and exchange best practices through workshops, seminars and social programmes.

DELVE INTO EELISA OPPORTUNITIES

- From innovation labs and hands-on workshops to MOOCs and the development of EELISA Portfolio Projects, a world of opportunities awaits! Explore a wide range of activities open to all staff, whether you choose to participate, collaborate, or take the lead. Explore the EELISA Digital Campus today and start shaping your own EELISA journey!

For more info, log into the EELISA Digital Campus or contact the EELISA Local Office at your institution!

DISCOVER STAFF EXPERIENCES

Leading EELISA's education workgroup since 2019, I'm deeply passionate about the European approach to engineering education. The alliance's ambition and rich intercultural exchanges endlessly motivate and inspire me".

Thibaut Skrzypek

Head of international Projects at École Nationale des Ponts et Chaussées (France).

EELISA empowers its staff members to become actors of change with skills that strengthen sustainable competitiveness. Based on my experience within EELISA, I can certainly say that the staff body that composes this Alliance is the engine that co-envisions a sustainable long-term strategy on research, learning, and innovation for Europe and beyond".

Merve Çalimli Akgün

Saff at the Center for Excellence in Education in Istanbul Technical University (Turkey).

I believe EELISA's uniqueness lies in its capacity to create growth opportunities for every stakeholder of partner universities: students, researchers, faculty, and administrative staff. Its aim is to integrate exchange, sharing, and mobility as essential elements of academic curricula, offering an unparalleled experience enriched by both physical and virtual mobility".

Claudia Ambrogi

International Relations & Erasmus+ Office. Scuola Superiore Sant'Anna (Italy).

SOME FIELDS OF COOPERATION

European University

Co-funded by the European Union

- Internationalisation and mobility
- Academic administration
- Student recruitment
- Research management
- Human resources
- Communications
- Finance & accounting
- Equality, diversity and inclusion
- Governance & institutional affair
- Innovation ecosystems support
- IT & operational services
- External relations and partnerships
- European projects management
- University-industry collaboration
